* AVG: fewer than 2.0 PA per team game (fewer than 12 PA through six games). All players remain listed. OBP/OPS are provisional because earlier HBP and sacrifice components are incomplete. Asterisks apply to AVG only.

Game 1 source note: the Blake Mitchell row reports zero hits despite listing a single and a triple; these conflicting source fields are not silently corrected. The cumulative H column uses the supplied H value. All Game 1 entries are counted once, not twice.

LINEUP & COACHING USAGE | UPDATED THROUGH SIX GAMES

1 Blake Mitchell - strongest established on-base profile (.375 OBP, five BB); monitor recent contact (0-for-3).

2 William Kent - 3-for-5 in Round 4 and scored the lone run in the latest game; recent contact merits top-order look.

3 Joshua Hendricks - team-leading 2 HR and .833 SLG; latest 0-for-4 is a single-game dip, not a lineup reset.

4 Oscar Hargreaves - five walks and .400 OBP; maintain RBI chances while monitoring strikeouts.

5 Wade Mcconnon - .333 OBP and four walks; two hits in Round 4, but hitless in latest game.

6 Ben Aslett - NCAA track record supports patience, but .143 AVG warrants monitoring before moving higher.

7 Lochlann O'Connor - three walks and some gap contact; recent 0-for-3 calls for selective approach.

8 Harvey Chinn - singles in recent games, but eight strikeouts overall; prioritize contact adjustments.

9 Lachlan Brennan - limited .091 sample; use defensive fit and availability to guide selection.

PITCHING: Perrett (3 scoreless IP latest) is trending up; White allowed 8 R in 2 IP and Caminiti 3 R in 0.2 IP.
Review command, workload and opponent fit. All lineup/role suggestions remain provisional.
